

Dec. 2023. Brief van Rajeswari, 15 jaar , Grade 10

I am fine. I am happy here. My studies are going well. On september 10 we had went to tour to cochin for 3 days. We had went to many places and enjoyed a lot through the days. We enjoyed in theme park. Our school had conducted many programmes one of the programme is our school annual sports day. I had participate in the games and I had won nine prize. That's a memorable day for me. On Nov 1 our school had conducted essay competition. I had participated in that. New teachers are appointed to our school. They are teaching us well and very friendly. Our school has 8 subjects. Our school has 3 groups are Maths Biology, Computer science and Accountancy. Every Monday and Tuesday from class 1 to 8 they have extracurricular activities like, our traditional dance Bharathan-nattiyam, Karate, yoga, spoken english class, Abacus class and Physical activity. We are going to smart classes for better and clear learning about the subjects. Everyday, we say prayer in morning, before eating and after the school. Many small and big functions are conducted. Sometimes in free period we go to the library which was near to kg. We do our science experiment in our science lab. Sometimes we go to computer lab. Last month in our school we had kept Sarasu-athi pooja. We set up golu in our school. We do pooja in our school for 9 days until the finish of navarathiri.

Daily we have morning class and evening class. Coming Nov 14 we are going celebrate childrens day. I am eagerly waiting to celebrate it. We are going to enjoy a lot. On January first week we are going to celebrate our school Annual day. Many more functions are coming soon.... I am happy to study in our school. I think this is one of the best school in my life.
