

## December 2023. Brief vice-principal Mr. LviJayan

I am Mr. LviJayan. I have done my masters in Tamil. I have been working in Alamelu vidyashram matriculation higher secondary school for the past 5 years. I handle Tamil subjects for higher secondary classes. I like to work very much in this school. we have implemented Communication English classes for all the students and teachers, which is very useful.

The school gives me a great pleasure to work and I am very happy with my job. From last year I have been appointed as a vice - Principal of our school. This year we had nearly 70 new admission in our school in various classes. Few new teachers are also appointed in our school with good English and subject knowledge.

I love to continue my job as a vice - Principal / teacher in our school. It is a great opportunity for me to express my talents and experiences for the better life of the children.

kind regards  
LviJayan
